

# SOLERO® FRATELLO PRO

A magnificent Italian design with remarkable functionality. Able to turn a full 360° around its outer axis and tilt 45° both sideways as backwards, the Fratello offers endless possibilities to utilize your exterior to the max.

As the big brother of our successful Laterna parasol, the Fratello (Italian for 'brother' ) gains respect by its endless possibilities. It follows the sun by tilting to every side and comes with a stylish silver gray frame. With its **300 x 300 cm.** size, you know that all your guests will rest assured under this strong arm with its perky character. The special Solero O'Bravia parasol canvas is made of durable, heavy quality and is also colorfast.

## DISTINCTIVELY SUBTLE

The free hanging design of the Fratello, ensures that this large parasol works quite discretely for you. Enjoy the shade and cover, while the mast is hardly visible yet stylishly present. And of course the integrated winch is operated elegantly.

## SHADE YOU CAN AIM

With the Solero Fratello you'll have different fastening options: a tile pedestal, ground anchor or borrowing pedestal. You can also secure the parasol to an existing concrete floor with an adaptor plate. The tile pedestal can be expanded with swiveling wheels allowing you to easily move it around.

## CORDLESS CONVENIENCE

With the Fratello comes the Solero Accento. This fantastic Solero Accento is provided with a charger. Using this, you can charge high quality batteries in a matter of hours. With the Fratello parties can last longer, and it'll remain cozy for much longer.
